PROCEDURE	OBJ.	DONE BY	W/P REF	N/A	REMARKS
J. Request that the District assemble all necessary information, records and documents.	A,B,F				
K. Determine the extent of involvement, if any, of other independent audit firms, consultants, specialists or internal auditors. Where applicable, follow the appropriate guidance:					
1. AU 543 "Part of Audit Performed by Other Independent Auditors." (For audits of material component units, audits conducted as a joint audit, or other reliance on external auditors.)					
2. AU 322 "Auditor's Consideration of the Internal Audit Function."					
3. Consider whether specialized skills, including professionals possessing IT skills, are needed in performing the audit and seek such assistance if considered necessary. (AU 311.22 & AU 311.23)					
4. AU 336 "Using Work of a Specialist" and Government Auditing Standards Chapter 3.05. Examples of the use of a specialist include:	A,F				
a. An engineer or environmental consultant used to estimate the remaining useful life or estimated closure and postclosure costs of a MSWLF.					
b. An actuary used to determine IBNR claims for a self-insurance fund.					
c. An actuary used to determine amounts for OPEB.	A,F				
L. Inquire about related party transactions.					
M. Minutes:					
1. Review minutes through the most recent meeting and document significant Board action, including subsequent events.	A				
2. Determine and document if minutes were properly signed.					
N. Obtain a copy of the District's June 30 Certified Annual Report and financial statements.					
O. Evaluate and document any nonaudit service to determine that Government Auditing Standards paragraph 3.13 in regard to Independence will not be impaired. If the nonaudit service involves a total of 40 hours or fewer, than the de minimus rule applies and independence will not be impaired. Discuss with Manager, if necessary.	B,C				
P. Determine if the District is a fiscal agent for any separate Boards or Chapter 28E Organizations. Determine if they are properly disclosed and reported. Perform the necessary GASB 14, as amended by GASB 39, reviews.					
Q. Determine and document judgments about materiality levels by opinion units. (AAG-SLV 4.23) If done at interim, update materiality levels as of the balance sheet date.

DISTRICT Sample District**June 30, 2008****AUDIT STRATEGY**

The attached audit strategy is to be used to document the following:

- Auditor's understanding of certain preliminary information regarding the entity and its environment for planning the audit.
- Auditor's fraud risk assessment including identification of fraud risk factors.
- Identification of material account balances and classes of transactions.
- Determination of the risk of material misstatement at the financial statement and relevant assertions level.
- Auditor's response to the risks identified.
- Identification of the federal programs.
- Determination of major federal programs and the applicable common requirements.
- Applicability of account balances and classes of transactions to federal programs.

DISTRICT Sample District**June 30, 2008****AUDIT STRATEGY**

PROCEDURE	YES	NO	REMARKS
1. Did the prior year report on the financial statements include departures from an unqualified opinion?			
2. Did the prior year audit identify any significant deficiencies or material weaknesses?			
3. Have various account balances or transactions required significant adjustments in prior audits?			
4. Was the approach in the prior year primarily substantive?			
5. Were any significant errors or instances of fraud noted in the prior audit?			
6. Is there any indication there could be substantial doubt about the District's ability to continue as a going concern?			
7. Does the audit require special expertise?			
8. Are specialized skills needed to determine the affect of IS on the audit, to understand the IS controls, or to design tests of controls?			
9. Are there any new accounting and/or auditing pronouncements that may affect the current audit?			
10. Are there any specialized accounting practices or principles applicable to the District? (i.e. pensions)			
11. Have there been any significant changes in accounting practices for the District?			
12. Are there any economic conditions or recent developments that affected the District's operations? (inflation, interest rates, technological changes)			
13. Are there any special regulatory or reporting requirements that apply? (Single Audit)			
14. Is the District economically dependent on a major industry or company such that a change in the industry or company would adversely affect the District?			
15. Has there been a change in state or federal funding that would significantly impact the operations of the District?			
16. Is any aspect of the District profit motivated?			
17. Have there been any significant changes in the function or responsibilities of the District?			
18. Do the financial statements require use of significant accounting estimates or fair value determinations?			
19. Does the District have multiple locations for significant operations?

**AUDIT STRATEGY
RISK ASSESSMENT**

I. BRAINSTORMING CONFERENCE

Date: _____

Instructions: Members of the audit team are required to discuss the susceptibility of the government’s financial statements to material misstatement due to fraud or error. The discussion should include an open exchange of ideas (brainstorming). The discussion should also emphasize the importance of exercising professional skepticism throughout the audit. The discussion may occur prior to, or in conjunction with, other audit planning procedures, but should take place each year.

If the audit is a Single Audit, completion of this procedure should include consideration of both the audit of the financial statements and the federal awards.

Audit of financial statements	Yes	_____	No	_____
Single Audit	Yes	_____	No	_____

Participants:

Name	Title

1. Describe how the discussion occurred (e.g. face-to-face meeting, conference call)

2. Describe the matters discussed.

DISTRICT Sample District**June 30, 2008****AUDIT STRATEGY**
RISK ASSESSMENT

Matters that should be discussed include:

- a. How and where the financial statements might be materially misstated due to fraud or error.
- b. How management could perpetrate and conceal fraudulent financial reporting.
- c. How the perpetrators could misappropriate government assets.
- d. Known external and internal factors affecting the government that might (1) create incentives/pressures to commit fraud, (2) provide the opportunity for fraud to take place, and (3) reveal attitudes or rationalization about why fraud is acceptable behavior.
- e. The nature and risk of management override of controls.
- f. How best to respond to these fraud and other risks through the design of audit procedures.
- g. The importance of maintaining an appropriate attitude of professional skepticism throughout the audit when considering the risk of material misstatement due to fraud.

The discussion should not be influenced by past favorable experience with the integrity of management.

The discussion should abandon neutrality and presume the possibility of dishonesty at various levels of management.

The discussion should focus on the financial statement areas vulnerable to fraud presuming that management, employees, or volunteers were inclined to perpetrate fraud.

3. Did information arise during the brainstorming meeting that may be relevant to identifying risks of material misstatement due to fraud or error?

_____ Yes (Document on Part IV)

_____ No

RISK ASSESSMENT**II. INQUIRIES ABOUT THE RISKS OF FRAUD**

Instructions: Auditors are required to make inquiries of management and others about the risks of fraud. Inquiries should be made each year in the planning stage of the audit. This form can be used to document the auditor's inquiries of management and other employees. Conducting one-on-one interviews with members of management and other employees is the most appropriate way of accomplishing the objectives of the inquiry process. Management interviewed should include, at a minimum, all those who sign the management representation letter.

If the audit is a Single Audit, completion of this procedure should include consideration of both the audit of the financial statements and the federal awards. Alternatively, the auditor may wish to complete separate forms.

(A separate form should be used for each person interviewed)

III. FRAUD RISK ASSESSMENT <u>Instructions:</u> Complete the following questions to document your consideration of risk factors that might indicate an increased risk of material misstatement due to fraud. "Yes" answers do not necessarily indicate an increased risk, but should be considered when assessing the risk of <u>material</u> misstatement due to fraud. If fraud risk factors are present, but other controls exist that compensate for that risk, document the mitigating factors in the remarks column.				
<u>RISK FACTORS RELATING TO FRAUDULENT FINANCIAL REPORTING</u>				
A. Incentives/Pressures				
1. Is there significant pressure on meeting performance targets?				
2. Is a significant portion of management's compensation or performance assessment dependent on budgetary goals, program results, or other incentives?				
3. Do unrealistic performance targets exist?				
4. Were there numerous significant budget modifications in prior periods?				
5. Is there a lack of formal budgeting policies and procedures?				
6. Is the current management unable to make reasonable estimates of tax revenues, expenditures, or cash requirements?				
7. Has the credit rating for the government's securities been downgraded by an independent agency since the prior period?				
8. Do individuals outside of management or the governing body have substantial influence over the operations of one or more governmental units?				
9. Has management set unduly aggressive financial targets and expectations for operating personnel?				
10. Is the government subject to new accounting, statutory, or regulatory requirements that could impair its operating efficiency or financial stability?				
11. Is the government experiencing rapid changes, such as rapid changes in technology or rapid changes in citizen's service expectations?				
12. Is the government experiencing a poor or deteriorating financial condition (for example, a declining tax base, declining economy, or other anticipated loss of revenue sources)?				
13. Is the government having difficulty generating cash flows from operating activities?

AUDIT STRATEGY
RISK ASSESSMENT

IV. RESPONSE TO RISKS

The way the auditor responds to the risks identified during the risk assessment process depends on the nature and significance of the risks identified and on the government's programs and controls that address such risks. The auditor should take into account the various risk assessment procedures performed including preliminary analytical procedures, brainstorming session, information obtained about the entity and its environment including internal controls, fraud risk considerations and any other sources providing information about relevant risks. Auditors respond to the results of the risk assessment in three ways: (1) an overall response as to how the audit is conducted; (2) specific responses involving modification of the nature, timing, and extent of procedures to be performed; and (3) responses to further address the fraud risk of management override of controls.

1. *Overall response to financial statement risks* – Describe overall risks at the financial statement level that may affect many assertions and the planned response to identified risks. Examples of overall risks include weaknesses in the control environment, changes in management, motivation by management to fraudulently misstate the financial statements, etc. Appropriate responses may include: (1) assignment of personnel and supervision, (2) scrutiny of management's selection and application of significant accounting principles, and (3) including an element of unpredictability in audit procedures and tests.

--

2. *Specific responses to risks* – If any risks are considered significant, the risk and the auditor's response to the risk should be included in the risk assessment summary form. For less significant risks, describe your specific responses, if any, to identified risks, including modification of the nature, timing, and extent of audit procedures.

--

AUDIT STRATEGY
RISK ASSESSMENT

3. *Response to address management override of controls* – Because management override of controls can occur in unpredictable ways, the risk of management override of controls is always an identified fraud risk and the auditor is required to perform certain specified procedures to respond to such risk. These procedures relate to (1) examining journal entries and other adjustments, (2) reviewing accounting estimates for biases, and (3) evaluating the business rationale for significant unusual transactions.

RISK ASSESSMENT SUMMARY

Planning Approach:

We have documented the material account balances and classes of transactions and identified significant risks, if any, at the relevant assertion level. We have determined and documented the risk of material misstatement, specific responses to the risks identified, an overall audit approach and have modified the audit program procedures accordingly.

Completion - Overall Audit Strategy Conclusion:

We have reviewed the audit procedures performed for each account balance and class of transaction and have determined these procedures agree with and satisfy the planned audit approach.

SINGLE AUDIT

- 1) Determine Type A vs. Type B programs using the Program Identification form.
- 2) Determine the risk classification of Type A and primary Type B programs using the Risk Assessment form. The auditor is not required to perform a risk assessment of relatively small Type B programs.
- 3) Identify major programs and determine if the percentage of coverage rule has been met using the bottom of the Determination of Major Programs form.

Major programs must account for at least 50% of total federal awards expended unless the entity is low-risk, in which case, only 25% needs to be met.* The entity is considered low risk if, for each of the prior two years, all of the following conditions have been met:

- A Single Audit is performed on an annual basis.
- Unqualified opinions on the financial statements and Schedule of Expenditures of Federal Awards were issued**
- No material weaknesses in internal control under the requirements of Government Auditing Standards (relating to the financial statements) were noted.**
- No internal control deficiencies identified as material weaknesses were noted for all Type A programs.
- No material non-compliance was noted for all Type A programs.
- There were no known or likely questioned costs exceeding 5% of the program's expenditures for all Type A programs.

*The auditee may have one or more non low-risk Type A *programs* and still qualify as a low-risk *entity*, as long as all Type A programs meet the criteria listed. However, all non low-risk Type A programs must be audited as major programs even if the 25% rule of coverage is met by only a portion of the non low-risk Type A programs.

**However, a waiver that allows the entity to be identified as low-risk may be provided by the cognizant or oversight agency if they judge that an opinion qualification or any identified material weaknesses does not affect the management of federal awards.

--	--	--	--	--	--	--

Overall Risk Analysis:

Low Risk (Type A or B Programs)						
Non-Low Risk (Type A Programs Only)						
High Risk (Type B Programs Only)						

(1) - This criteria must be met in order to consider a Type A program low-risk.

(2) - Auditors should use their judgment. Audit findings from prior year do not preclude the program from being low risk.

** - A-133 states in part that for a Type A program to be considered low-risk, it shall have been audited as a major program in at least one of the two most recent audit periods. This ensures that all Type A programs are tested as major at least once every three years.

Note: Except for known significant deficiencies in internal control or compliance problems, a single criteria would seldom cause a Type B program to be considered high-risk.

AUDIT STRATEGY
SINGLE AUDIT DETERMINATION OF MAJOR PROGRAMS

In order to determine major programs, complete the following steps:

- Enter Type A programs and their risk analysis from the Risk Evaluation form. For non low-risk programs only, enter their percentage of total Federal expenditures (from the Program Identification form) in the far right column. If there are no low-risk Type A programs, then determine if total percentage of non low-risk Type A programs exceeds the percent of coverage rule. If it exceeds the minimum percentage required, the determination of major programs is complete.
- Enter the primary Type B programs and their risk analysis from the Risk Evaluation form. Select at least half of the Type B programs that were determined to be high risk (may be limited to the number of low risk Type A programs.) For each high-risk Type B program selected, enter its percentage of total federal expenditures (from the Program Identification form) in the far right column. When identifying which high-risk Type B programs to test as major, the auditor is encouraged to use an approach which provides an opportunity for different high-risk Type B programs to be audited as major over a period of time.
- Determine if the total percentages from these two steps exceed the percent of coverage rule. If it exceeds the minimum percentage required, then the determination of major programs is complete. If the minimum percentage is not met, include additional programs as necessary to meet the percentage of coverage rule.
- For each major program, document the inherent risk from the previous page. If a risk assessment was not required, determine the inherent risk based on the criteria from the previous page.

F. Auditor's responsibilities for:

1. Obtaining an understanding, testing and reporting on internal controls and compliance with laws and regulations (discussion of par. 4.07 of Government Auditing Standards may be helpful).
2. Discovering and reporting contractual compliance violations and questioned costs.
3. Obtaining reasonable, not absolute, assurance that the financial statements are free of material misstatement, whether caused by error or fraud. Accordingly, a material misstatement may remain undetected. Also, an audit is not designed to detect errors or fraud that is immaterial to the financial statements.
4. Communicating certain matters to audit committee, entity contracting the audit or other party responsible for oversight. (Identify audit committee or other party, if one exists.)
5. Communicating with management if auditor becomes aware that the entity is subject to an audit requirement(s) that is not encompassed in the terms of the engagement.

G. Client responsibilities for:

1. Financial statement assertions and management representation letter accepting such responsibilities.
2. Internal controls.
3. Identifying and ensuring the District complies with all laws, rules and regulations that may have a direct and material effect on the financial statement amounts and for disclosing all known instances of non-compliance.
4. Making available all financial records and related information.
5. Providing auditor with representation letter at completion of audit including an affirmation that uncorrected misstatements are immaterial.
6. Adjusting the financial statements to correct material misstatements.

AUDITOR'S RESPONSIBILITIES:

1. Obtain an understanding, test and report on internal controls and compliance with laws and regulations:

Tests of internal control over financial reporting and compliance with laws, regulations, and provisions of contracts or grant agreements in a financial statement audit contribute to the evidence supporting the auditors' opinion on the financial statements or other conclusions regarding financial data. However, such tests generally are not sufficient in scope to opine on internal control over financial reporting or compliance with laws, regulations, and provisions of contracts or grant agreements.
2. Discover and report significant contractual compliance violations and questioned costs.
3. Obtain reasonable, not absolute, assurance that the financial statements are free of material misstatement, whether caused by error or fraud. Accordingly, a material misstatement may remain undetected. Also, an audit is not designed to detect error or fraud that is immaterial to the financial statements. Express opinions on the financial statements based on our audit.
4. Communicate certain matters to audit committee, entity contracting the audit or other party responsible for oversight.
5. Communicate with management if auditor becomes aware that the entity is subject to an audit requirement(s) that is not encompassed in the terms of the engagement.

ENTITY'S RESPONSIBILITIES:

1. Accept responsibility for financial statement assertions and sign a management representation letter accepting these responsibilities. The financial statement assertions are: existence or occurrence; completeness; rights and obligations; valuation and allocation; presentation and disclosure.
2. Maintain a system of internal control.

Internal control is defined as a process effected by an entity's governing board, management and other personnel designed to provide reasonable assurance regarding achievement of objectives in the following categories: (a) reliability of financial reporting, (b) effectiveness and efficiency of operations, and (c) compliance with applicable laws and regulations.
3. Identify and ensure the entity complies with all laws, rules and regulations that may have a direct and material effect on the financial statement amounts and for disclosing all known instances of non-compliance.
4. Make available all financial records and related information.
5. Provide auditor with signed management representation letter at completion of audit including an affirmation that uncorrected misstatements are immaterial.
6. Adjust the financial statements to correct material misstatements.
7. Prepare required supplementary information (RSI), including management's discussion and analysis (MD&A), and other supplementary information, if applicable.

GAAP DISTRICT Sample District**June 30, 2008****COMMUNICATION WITH AUDITEE OFFICIALS**

Audit standards require certain items be discussed with those charged with governance.

ItemsDiscussion

Discuss the views of those charged with governance about the following items:

1. The appropriate person in the District's governance structure with whom to communicate.
2. The allocation of responsibilities between those charged with governance and management.
3. The District's objectives and strategies, and the related business risks that may result in material misstatements.
4. Matters considered to warrant particular attention during the audit and any areas where they request additional procedures be undertaken.
5. Significant communications with regulators.
6. Other matters relevant to the audit of the financial statements.
7. The attitudes, awareness and actions of those charged with governance concerning:
 - a) the District's internal control and its importance in the District;
 - b) how those charged with governance oversee the effectiveness of internal control;
 - c) the detection or the possibility of fraud.
8. The actions of those charged with governance in response to developments in financial reporting, laws, accounting standards and other related matters.
9. The actions of those charged with governance in response to previous communications with the auditor.

DISTRICT Sample District**June 30, 2008****OPEB PLANNING CONFERENCE**

IN ATTENDANCE:

<u>District</u>		<u>Auditor</u>	
Name	Title	Name	Title

(A) Explain OPEB to the auditee.

- Discussion should include implicit rate subsidy OPEB which will apply to most districts.

(B) Determine and document whether the District has an OPEB.

- District and auditor should review policies, union contracts, employment contracts, retirement plans, etc. **Check applicable items below:**

_____ District has an explicit OPEB – briefly describe plan

_____ District has an implicit OPEB

- This will apply to all districts that provide health/medical benefits to current (active) employees
- Will apply in most districts

_____ District does not have an OPEB (**not likely an option, see implicit OPEB above**)

(C) If the District has an OPEB (explicit, implicit or both), determine and document when the District must implement the provisions of GASB Statement 45. **Check applicable item below:**

- Phased in implementation – based on applicable GASB Statement 34 implementation phase:

_____ Phase I – fiscal 2008

- Fiscal 1999 revenues of \$100 million or more

_____ Phase II – fiscal 2009

- Fiscal 1999 revenues of at least \$10 million, but less than \$100 million

_____ Phase III – fiscal 2010

- Fiscal 1999 revenues less than \$10 million

DISTRICT Sample District**June 30, 2008****OPEB PLANNING CONFERENCE**

(D) If the District has an OPEB (explicit, implicit or both), determine and document whether the District must obtain an actuarial valuation and how often using the following guidance from GASB Statement 45:

- Actuarial valuation requirements – **check the option that applies:**

_____ For plans with total membership of 200 or more

- Opinion must be acquired at least biennially (every two years)

_____ For plans with total membership of less than 200

- Opinion must be acquired at least triennially (every three years)

_____ For plans with total membership of less than 100

- District allowed to use an Alternative Measurement Method to determine required information.
- Discuss feasibility of the Alternative Measurement Method

_____ Check here if District plans to pursue using this method

- **NOTE:** New valuation should be performed if, since the previous valuation, significant changes have occurred that would affect the results of the valuation (changes in benefit provisions, size or composition of population covered, medical trend rates).
- Determining plan membership – sum of the following:
 1. Employees in active service (those that will draw a benefit from the plan)
 2. Terminated employees who have accumulated benefits but are not yet receiving them
 3. Retired employees and beneficiaries of deceased retirees currently receiving benefits

(E) Discuss when the District should begin the process of obtaining an actuarial valuation:

- For District's required to implement in fiscal 2009 – start **early FY09**
- Actuary opinion must be completed (dated) no more than 24 months prior to the start of the period covered by the valuation (not even one day sooner).
- Where to locate an actuary:
 - ♦ Iowa Insurance Division lists actuaries currently performing in the State of Iowa
 - http://www.iid.state.ia.us/about_us/ProductReg/LifeHealth/docs/509a-act.htm
- Discuss possible use of RFP process for procuring an actuary

(F) Discuss implementation requirements for component units, if any.

- Component units (CU) must implement in the same year as the primary government (PG)
- Blended CU – may be included in the PG actuarial valuation. Actuarially determined OPEB liability and related amounts may be blended with the PG information/amounts.

DISTRICT Sample District**June 30, 2008****OPEB PLANNING CONFERENCE**

- Discrete CU – may be included in the PG actuarial valuation. Discrete CU's proportionate share of the actuarially determined OPEB liability and related amounts must be determined for separate reporting.
- (G) Discuss necessity of having actuary prepare separate OPEB liability/expense calculations for BTA/enterprise department/fund employees.
- These separate amounts will be needed to report OPEB liability/expense in the separate enterprise funds (School Nutrition Fund).
 - Separate information for BTA versus GA will be needed for the note disclosures and RSI information.
- (H) Discuss effect on audit opinion if District does not implement GASB Statement 45.
- Qualified or adverse opinion on financial statements
 - ◆ Likely adverse since it will be difficult to determine materiality without the actuarial information
- (I) Discuss potentially adverse effect on bond rating

PROCEDURE	OBJ.	DONE BY	W/P REF	N/A	REMARKS
Audit Objective and Related Assertion:					
A. Provide a document which links the report or financial statements to supporting workpapers. (12)					
Audit Procedures:					
A. Obtain and verify or prepare working trial balances by fund type, fund, function and objective class as needed. If prepared by auditor, determine that independence will not be impaired.	A				
1. A separate trial balance should be prepared for each fund.					
2. Account classifications should be minimized and consistent with the GASB Codification and/or the sample report.					
3. Foot the working trial balances to verify their accuracy, if applicable.					
4. Document the source of the information for the beginning balance amounts.					
B. Record, as necessary, accrual activity and adjusting journal entries.	A				
1. The adjusting journal entries should be consolidated on a separate page, numbered, briefly explained or described and referenced to supporting workpapers.					
2. Obtain and document District approval and concurrence for adjusting journal entries.					
3. Reconcile reversing journal entries with prior year report.					
C. Record reclassifications as necessary.	A				
1. The reclassification entries should be consolidated on a separate page, lettered, briefly explained or described and referenced to supporting workpapers if possible.					
2. Determine amounts due to/from Agency Funds are eliminated and recorded as cash adjustments.					
3. Inform the District of all reclassifications which they should be cognizant of and receive their concurrence.					
D. Prepare closing entries for each fund, if applicable.	A				
E. Reference the amounts to supporting workpapers. The adjusted trial balance amounts should be referenced to supporting working papers.	A				
F. For each proprietary fund, prepare a cashflow worksheet. The worksheet should reconcile the changes in assets, liabilities and fund equity and the operating statement activity to the cash flows for each fund. Amounts on the cashflow worksheets should be referenced to supporting workpapers.

Audit Objectives and Related Assertions:					
A. Claims paid in the period are recorded correctly as to account, amount, and period and are disbursed in accordance with the District's policies and procedures for claims settlement. (5,6,7,8)					
B. Reserves for claim losses represent a reasonable estimate of the District's liability for claims filed and incurred but not reported (IBNR) claims. (1,2,3,4)					
C. Insurance (self-insurance) revenues, operating transfers, expenditures, assets, liabilities, and fund equity (net assets) are properly classified and described in the fund financial statements and related disclosures are adequate. (9,10,11,12,13)					
Audit Procedures:					
A. Inquire about the District's policies and procedures for administering and financing insurance claims, including whether insurance policies are carried for complete coverage of some or all risks, or only for excess liabilities.					
B. Prepare a workpaper to summarize amount and type of significant coverage. Review coverage to:	C				
1. Determine if reasonable and current.					
2. Determine significant areas in which risk is retained.					
C. If a separate insurance fund has been established, consider analytical procedures such as comparing claims disbursements/expenditures and other fund transactions (i.e. employee contributions, insurance premiums, and administrative fees) to the prior period actual and relate to the number of covered employees (if applicable).	A				
D. Review charges by the insurance fund to other funds and determine if they are in accordance with GASB 10 (GASB Codification Section C50.121-126): B	A				
1. If General Fund is used, may use any method to allocate loss expenditures/expenses to other funds of the entity. Loss liabilities for governmental funds and expendable trust funds should be recognized using the modified accrual basis of accounting (i.e. current portion recorded as an expenditure and fund liability and long-term portion recorded in the entity-wide statements (GASB 34). c. Loss liabilities for an Internal Service Fund (or other proprietary funds) should be recorded as a fund liability of the Internal Service (or other proprietary funds). d. For Internal Service Funds, any amount in net assets that arose from an optional additional charge for catastrophic losses should be reported as designated. e. If governmental unit participates in a public entity risk pool in which there is no transfer of risk to the pool or pool participants, contributions to the pool should be reported as either deposits (if not expected to pay claims) or as reductions of claims liability (if used to pay claims) in accordance with GASB 10 (GASB Codification, Section C50.135) and Statement of Position (SOP) 98-7. f. If the District made contributions to a public entity risk pool with transfers or pooling of risk: 1) Determine contributions are recorded as deposits if a return of those contributions is probable. 2) If not probable, then determine contributions are recorded as prepaid insurance to be allocated as expenditures/expenses over future periods, <u>or</u> alternatively, in governmental funds, as expenditures in the period made. 2) Trace the amounts reported to accounting records that support the audited financial statements and the schedule of expenditures of federal awards and verify agreement. b. Performance reports. 1) Trace data to records that accumulate and summarize data. 2) Perform tests of the underlying data to verify that the data were accumulated and summarized in accordance with the required or stated criteria and methodology. c. When intervening computations or calculations are required between the records and the reports, trace reported data elements to supporting worksheets or other documentation that link reports to data. d. Test mathematical accuracy of reports and supporting worksheets. 6. Test selected reports for completeness a. For financial reports, review accounting records and determine if all applicable accounts were included in the sampled reports. b. For performance and special reports, review supporting records and determine if all applicable data elements were included in the sampled report. 7. Obtain written representation from management that the reports provided to the auditor are true copies of the reports submitted or electronically transmitted to the federal awarding agency or pass-through entity in the case of a subrecipient. M. <u>SUBRECIPIENT MONITORING:</u> 1. Review the District's subrecipient monitoring policies and procedures and discuss with the District's staff to gain an understanding of the scope, frequency and timeliness of monitoring activities, including the number, size and complexity of awards to subrecipients. 2. Test award documents to determine if the District makes subrecipients aware of the award information and requirements imposed by law, regulations, and the provisions of contract and grant agreements; and the activities approved in the award documents were allowable.

3. Review the District's documentation of during-the-award subrecipient monitoring to determine if the District provides reasonable assurance that subrecipients used federal funds for authorized purposes, complied with laws and regulations, provisions of contracts and grant agreements and achieve performance goals. 4. Review the District's follow-up to ensure corrective action on deficiencies noted during the award monitoring. 5. Verify that the District receives audit reports from subrecipients required to have an audit in accordance with OMB Circular A-133, issues timely management decisions on audit findings within six months after receipt of the subrecipient's audit report, and requires subrecipients to take appropriate and timely corrective action on deficiencies identified in audit findings. 6. Verify that in cases of continued inability or unwillingness of a subrecipient to have required audits, the District took appropriate action using sanctions. 7. Verify that the effects of subrecipient non-compliance are properly reflected in the District's records. 8. Document the District's procedures for monitoring subrecipients who are not required to have an A-133 audit (total expenditures of federal awards of less than \$500,000). Review the procedures for reasonableness and adequacy.					
N. <u>SPECIAL TESTS AND PROVISIONS:</u> 1. Review the laws, regulations, provisions of grant, and contract agreements to identify special tests and provisions. 2. Develop procedures to test these requirements.

Audit Objectives and Related Assertions: A. Written representations have been obtained from responsible officials. B. Misstatements discovered during the audit have been evaluated. C. Financial statements are fairly presented and disclosures are adequate. (10,11,12,13) D. The effect on the auditor's report of GAAP departures, scope limitations, uncertainties, other auditors, or other matters has been evaluated. E. Significant deficiencies have been summarized and communicated to the appropriate parties. F. Significant commitments, contingencies and subsequent events that may require disclosure have been identified. (10,11,12,13) Audit Procedures: A. Inquire as to whether all funds have been brought to our attention. B. Review ending account balances for material deficits and include comment, if appropriate, in report. Document the District's plans to eliminate deficit, if any. C. Identify any commitments, contingencies, and subsequent events that may require disclosure. 1. In connection with litigation and claims, perform the following procedures: a. Obtain from District officials a description and evaluation of litigation and asserted and unasserted claims. b. Examine documents in the District's possession concerning the above matters. c. Review invoices for legal services and consider whether any other matters in addition to the above were disclosed during the course of the audit. d. Review attorney's letter for matters requiring disclosure. 2. Complete review of minutes through the end of fieldwork for subsequent events. 3. Scan records subsequent to period under audit for significant unusual receipts, payments and non-standard entries. D. Determine if footnote disclosure is needed and obtain documentation for the following items (For Districts with unusual types of activities, consider reviewing the AICPA disclosure checklist): 1. [illegible]

DISTRICT Sample District**June 30, 2008****SIGNIFICANT FINDINGS
FROM THE AUDIT**

IN ATTENDANCE:

<u>District</u>		<u>Auditor</u>	
<u>Name</u>	<u>Title</u>	<u>Name</u>	<u>Title</u>
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

The auditor should communicate significant findings from the audit with those charged with governance including the following matters (AU 380.34 through AU 380.44)

(A) Accounting Policies

Significant accounting policies used by the District are described in Note 1 to the financial statements. Except as noted below, no new accounting policies were adopted and the application of existing policies was not changed during the fiscal year. Except as noted below, we noted no transactions entered into by the District that were both significant and unusual, and of which, under professional standards, we were required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

Exceptions:

(B) Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We evaluated key factors and assumptions used in the significant estimates used by the District in determining the reasonableness in relation to the financial statements taken as a whole.

List significant estimates:

(C) Difficulties Encountered in Performing the Audit

Except as noted below, we encountered no significant difficulties in dealing with management in performing and completing our audit.

Exceptions:

DISTRICT Sample District**June 30, 2008****SIGNIFICANT FINDINGS
FROM THE AUDIT****(D) Uncorrected misstatements**

We have provided you with a listing of all known and likely uncorrected misstatements identified during the audit which have been included in the management representation letter. In our judgment, none of the uncorrected misstatements, either individually or in the aggregate, indicate matters that could have a significant effect on the District's financial reporting process.

(E) Disagreements with Management

Professional standards define a disagreement with management as a matter, whether or not resolved or not resolved to our satisfaction, concerning a financial accounting, reporting or auditing matter that could be significant to the financial statements or the auditor's report. Except as noted below, no such disagreements arose during the course of our audit.

Exceptions:

(F) Material, Corrected Misstatements

Except as noted, all material, corrected misstatements brought to the attention of management as a result of audit procedures were included in the auditor's comments and recommendations.

Exceptions:

(G) Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine the consultant has all the relevant facts. Except as noted below, there were no such consultations with other accountants.

Exceptions:

(H) Significant Issues

Significant issues arising from the audit that were discussed, or the subject of correspondence, with management.

List any significant issues:

(I) Comments

We have provided you our written comments and recommendations regarding the District's financial statements and operations.

DISTRICT Sample District**June 30, 2008****ITEMS FOR COMMENT**

The following guidance should be used by the auditor to evaluate the control deficiencies identified:

Magnitude of Misstatement That Occurred, or Could Have Occurred	Likelihood of Misstatements	
	More Than Remote	Remote
Quantitatively or Qualitatively material	Material weakness	Control deficiency but not a significant deficiency or a material weakness
More than inconsequential but less than material	Significant deficiency but not a material weakness	Control deficiency but not a significant deficiency or a material weakness
Inconsequential (i.e., clearly immaterial)	Control deficiency but not a significant deficiency or a material weakness	Control deficiency but not a significant deficiency or a material weakness

Definitions:

Control Deficiency – exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

Significant Deficiency – a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not to be prevented or detected.

Material Weaknesses – a significant deficiency or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected.

More Than Inconsequential – Describes the magnitude of potential misstatement that could occur as a result of a significant deficiency and serves as a threshold for evaluating whether a control deficiency or combination of control deficiencies is a significant deficiency. A misstatement is inconsequential if a reasonable person would conclude, after considering the possibility of further undetected misstatements, that the misstatement, either individually or when aggregated with other misstatements, would clearly be immaterial to the financial statements. If a reasonable person would not reach such a conclusion regarding a particular misstatement, that misstatement is more than inconsequential.

Likelihood – refers to the probability that a control, or combination of controls, could have failed to prevent or detect a misstatement in the financial statements being audited.

Magnitude – refers to the extent of the misstatement that could have occurred, or that actually occurred, since misstatements include both potential and actual misstatements.

QUESTION	YES	NO	N/A
1. Was the scope of our audit in accordance with our audit plan?			
2. Have you informed the Manager of all identified problems and internal control weaknesses that resulted in significant modification in the audit program, and have you obtained the manager's concurrence with the modifications?			
3. Have you gathered enough evidence to satisfy the audit program objectives?			
4. Are you satisfied that the evidence gathered does not disclose suspicions of abuse, fraud, violations of statutory, regulatory and contractual provisions, or other illegal acts other than those noted in the statutory comments of the report?			
5. Are you satisfied that we have a reasonable basis for the expression of an opinion on each opinion unit and that the workpaper documentation supports the opinion we are expressing on each opinion unit?			
6. Are you satisfied with the results of the limited procedures performed for required supplementary information (RSI), including management's discussion and analysis (MD&A) and other supplementary information?			
7. Are you satisfied there is not substantial doubt about the District's ability to continue as a going concern, or if there is substantial doubt, the appropriate disclosures were made and an explanatory paragraph was included in the Independent Auditor's Report?			
8. Are you satisfied that we have a reasonable basis for and the workpapers support our statement in the Independent Auditor's Report on Compliance and Internal Control over Financial Reporting for instances of non-compliance required to be reported under <u>Government Auditing Standards</u> ?			
9. Are you satisfied that we have a reasonable basis for expressing an opinion on the District's compliance with the common requirements applicable to major federal programs?			
10. Are you satisfied that we have obtained an adequate understanding of the design of internal controls, determined whether these controls have been implemented and assessed control risk?			
11. Are you satisfied that we have reduced the detection risk to a reasonable level?			
12. Have all applicable items on the audit planning, questionnaires and audit program been completed and workpapers properly indexed and signed or initialed by those doing the work?			
13. Have all significant unusual or unexpected balances or relationships noted during planning or the course of the audit been adequately investigated and documented?			
14. Has the work of all assistants been thoroughly reviewed?			
15. Have review notes been adequately resolved?			
16. Are you satisfied that the planned level of risk of material misstatement due to fraud or error did not increase based on the accumulated results of the audit procedures performed during fieldwork?			
17. Has there been appropriate communication with other audit team members through the audit regarding information or conditions indicative of risks of material misstatement due to fraud or error? (AU 316.74 and 318.74)
